

STANDARD SCREEN ASSEMBLY
Shown With Composite Curtain

NOTES:

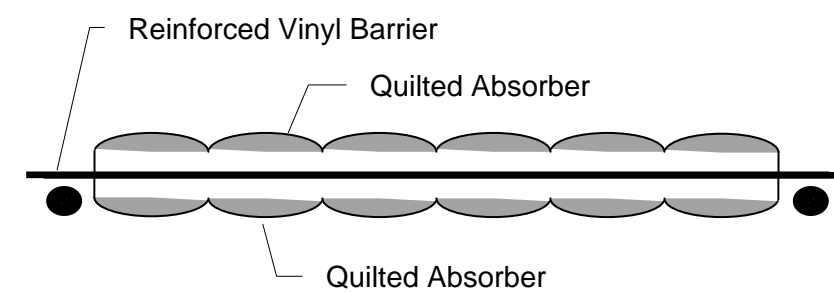

1. Tube frame is our patented snap-together design requiring no tools to assemble in powder coated black finish.
2. Acoustical curtain barrier is 3/4LB reinforced vinyl.
3. 1" thick Sorba-Glas® quilted absorber available on one or both sides of barrier. Quilt is factory sewn to vinyl barrier.
4. Hanging grommets are machine set, hangers included.
5. Fitting and fasteners included to join multiple screens together to form longer walls or partitions.
6. Swivel casters are available for increased portability.
7. Portable Noise Screen protected by US Patent No. 6,206,079B1.

BARRIER ONLY SCREEN

COMPOSITE SCREEN
(Barrier / Absorber)

SEPTUM SCREEN
